

BEOPLAY A2

Made to move

PORTABLE POWER

BeoPlay A2 is a powerful and portable Bluetooth speaker with a ground-breaking True360 omni-directional sound, up to 24 hours of battery life and a rocksolid aluminium core built for mobility and guaranteeing acoustic stability.

Featuring the Bang & Olufsen Signature Sound that was designed to give you honest sound the way the artists intended it and introducing a sound technology that ensures the music experience is impressive no matter where you are placed. Pair two BeoPlay A2 speakers for twice the sound and an impressive stereo experience. Charge your smartphone through the USB connection, fast and easy.
