## BeoVision Avant

BeoVision Avant-55 BeoVision Avant-75 BeoVision Avant-85

WARNING: To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.

The lightning flash with arrowhead symbol within an equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous

voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the product.

Read these instructions.

Keep these instructions.

Heed all warnings.

Follow all instructions.

Do not use this apparatus near water.

Clean only with dry cloth.

Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.

Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.

Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.

Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.

Only use attachments/accessories specified by the manufacturer.

Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.

Unplug this apparatus during lightning storms or when unused for long periods of time.

Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

## Cautions

- The product can only be switched off completely by disconnecting it from the mains socket. The mains socket must always be accessible.
- No naked flame sources, such as lighted candles should be placed on the apparatus.
- Follow instructions to ensure correct and safe installation and interconnection of equipment in multimedia systems.
- Make sure the cable connection between the product and the router does not exit the building to avoid contact with high voltage.
- The product label is placed behind the cover for the connection panel.
- Do not expose batteries or battery packs to excessive heat such as sunshine, fire or the like.

Important – guides are found on www.bang-olufsen.com/guides

## 1\*BeoRemote One sources

Some sources in the display can be reconfigured during the setup process. See the online guide for the television for more information.

NOTE! For general information about remote control operation, see the guide for your remote control.

You must unscrew two transportation screws, one in each side, to unblock speaker movement before you connect and switch on your television.

Use  $\langle , \rangle$ ,  $\wedge$  and  $\vee$  to navigate in television menus and in the BeoRemote One display. For example, you can use  $\langle$  and  $\rangle$  to turn the television if it is equipped with an optional motorised floor stand or wall bracket or to change picture format. Press the **centre** button to confirm selections and settings in menus. To back up through menus, press BACK.

To exit menus, press and hold BACK.

For more information, see the guide for your BeoRemote One remote control.

Bring up the main menu by pressing MENU while the television is on. You can also activate coloured functions indicated in the main menu without pressing MENU first.

Some menus take up more space than available on the television screen. This is indicated by half a menu item at the bottom or top of the screen. To easily step from the top of a list to the bottom, press . Selection must be made using the centre button and you can edit settings using the arrow buttons < and >.

If your television is equipped with the optional motorised floor stand or wall bracket, you can turn it by means of the remote control. To use the motorised floor stand or wall bracket function, you have to calibrate the stand or wall bracket first. You can also preset positions for the TV to turn to. If you have a motorised table stand, you can set the television to tilt slightly. These functions are described in the online guide.

To turn the television, press LIST on BeoRemote One and press  $\land$  or  $\checkmark$  to bring up STAND in the BeoRemote One display, press the **centre** button, then turn the television by pressing  $\lt$  and  $\gt$  or the **green** and the **yellow** buttons.

WARNING! The television must not be lifted or otherwise moved physically as long as it is mounted on the floor stand. Contact your retailer.

Help texts

NICE TO KNOW menu

In the SETUP menu, you can show/hide help texts using the INFO button. For some languages, help texts are only available in English.

General features and functions are also explained in the NICE TO KNOW menu. Access the menu from the SETUP menu. You can read about basic features and functions. When your television receives software updates (requires Internet connection), new features and functions are explained there.
